

Hannah-Kay Williams proudly graduated Magna Cum Lade at Rockdale Magnet School for Science and Technology. During her time at Magnet, Hannah-Kay became an AP Scholar with Distinction by scoring a three or higher on 7 AP classes. She was the co-captain of the Winterguard her senior year as well as participated in Colorguard. She has placed 1st Place Honors at the Rockdale Magnet School for Science and Technology Science Fair 2018. And through Beta Club, she volunteered her time to better her community. Through those activities, Hannah-Kay has gained leadership experiences. With this, Hannah-Kay hopes to give back to her community in Jamaica and mentor young black women interested in STEM. She will be attending Georgia State University, majoring in biology, in hopes of being a microbiologist in the future.
